Re: Reference Letter – Richard Turlington

To Whom It May Concern:

I have known Richard for over 20 years and have utilized his services on over fifty projects at Griffin Hospital. His is one of the most creative architects that I have had a pleasure to work with.

Richard maintains a steadfast customer loyalty while offering creative design and best practice techniques. He always comes to the table prepared to work with the owner on a variety of options to achieve a project that is stunning while maintaining the necessary cost parameters. His capabilities range from the smallest projects to large buildings. He works extremely well with all disciplines to ensure success of the overall project.

I highly recommend Richard for any variety of architecture including space planning, interiors, and master planning. If you have any further questions, please don't hesitate to contact me at (717)782-3292.

Thank you!

Sincerely,
