To whom it may concern;

As President of PAC Group LLC, I have firsthand knowledge of how important the relationship between Richard Turlington and PAC Group, LLC has been.

Over the past 10 years we have partnered in numerous ventures including the creation of a relationship with one of our largest clients. These ventures have produced some truly great projects that we are proud to display when we are interviewing with new clients. When talking to our shared clients they rave about the results and how Richard's vision turned ordinary space into something special. When showing these projects to prospective clients, they often comment on the quality of the product which is a direct result of the overall design. This is a tribute to Richard's talent in design.

I know that we truly value this relationship and look forward to continuing it. Because of our experience, I am confident that yours will be equally rewarding.

Sincerely,

Paul Prenoveau, President
PAC Group LLC
